Importance

Evolent uses clinical criteria based on nationally recognized guidelines to promote evidence-based practices. Providers may begin contacting Evolent on July 1, 2025, to seek prior authorization for procedures scheduled on or after July 1, 2025.

The Evolent program will apply to all specialties for the following non-emergent outpatient procedures:

- Computed Tomography (CT)/ Computed Tomographic Angiography (CTA)
- Magnetic Resonance Imaging (MRI)/ Magnetic Resonance Angiography (MRA)
- Positron Emission Tomography (PET) Scan

TrueCare approvals issued before July 1, 2025, are effective until the authorization end date. Upon expiration, authorization requests must be submitted to Evolent. For services/treatment that did not require an authorization prior to July 1, 2025, an authorization may be required from Evolent for service/treatment dates on and after July 1, 2025.
